# STORY OF

TEE JAYS are producing everyday essentials for the B2B industry. But it's more than just clothing. It's the story about friendship, craftsmanship, and true passion.

It all started in 1976 in Florida, Alabama when Terry Wylie had a vision of producing the best T-shirt on the market. A vision that led to remarkable results before Terry retired in 2002. That was where Georg and Peter Høfler acquired the rights to TEE JAYS following many years of friendship and collaboration with Terry. The acquaintance arose at a tradeshow with the comment: "I love the smell of your pipe". A pipe and a shared passion which today has led to a TEE JAYS in a rapid development – but driven by the same core values; quality, fitting, and simple design.

The cornerstones of TEE JAYS are still quality and design – and our designers and technicians continuously develop the design and quality of the fabrics. The result is one of Europe's most unique basic collections.

A collection with the best combination of quality and price.

# 1976

TEE JAYS was founded in 1976 by Terry and Jim in Alabama. The adventure began in a garage with 25 old sewing machines, local fabric, and lots of passion. 20 years later TEE JAYS had 20 shipping and production plants in the Alabama area.

## 1985

The Sof Tee was the no. 1 T-Shirt in retail sold by all the major shops in Denmark.

*Did you know...*

The red and blue TEE JAYS logo was a gift from Georg to Terry. The logo was drawn by a danish artist from Aalborg. Terry liked the logo so much that he changed the full marketing package worldwide.

*Did you know...*

The founders, Terry and Jim are represented by the two capital letters in the logo.

## 1979

Georg Høfler met Terry Wylie at a tradeshow in California. This was the start of a long business relationship and a strong friendship. That same year, LG Sportswear was founded in Denmark, importing TEE JAYS products and selling them to retail.

*Did you know...*

'I love the smell of your pipe'. that comment became the beginning of a lifelong friendship.

# 1995

The first offshore Basic 150 GSM T-shirt with a TEE JAYS neck label was produced in Bangladesh.

## 1998

The first European catalogue with models was shot on the beach in Blokhus, Denmark.

## 2002

Terry sold his lifework. The next year, Georg and Peter Høfler bought the rights to TEE JAYS in Europe.

### 2016

The TEE JAYS domicile and logistic center were build, and is still our headquarter and warehouse up to this day.

### 2021

TEE JAYS launched the B2C webshop. In the 1980's and 90's, TEE JAYS was exclusively sold through retail channels and now we are back in the retail busines!

### *Did you know...*

In 1990 Peter Høfler was working 18 months in TEE JAYS mfg Co. production plants learning to sew and stitch.

### 2003

LG Sportswear became TEE JAYS A/S That same year TEE JAYS moved to the logistics center in Svenstrup.

## 2024

Expanded our warehouse space to 12,000 square meters. The new warehouse have the capacity to hold more than 12,000 pallets or up to 4 million garments.

### *Did you know...*

As part of the construction of the warehouse, TEE JAYS invested in solar panels and now supply a large part of the internal energy consumption.

# YOUR PERSONALIZED COLLECTION

The TEE JAYS collection is crafted with customization in mind. Each garment is designed for personalization and branding through printing and embroidery – down to the smallest details. This makes our collection the ideal choice for businesses that want to make their clothing truly their own.

All our fabrics are carefully selected and treated to ensure you receive the highest quality and most durable materials. Our collection is built to last, with a timeless selection that remains consistent year after year, giving you confidence in our range.

MADE TO LAST. MADE FOR ALL INDUSTRIES.

# BEHIND THE SCENES

At TEE JAYS, our passion is to make great garments. But we also love to challenge ourselves to make the best catalogue – each year. And that's a challenge!

This year, we wrapped up our annual photoshoot in late May, which took place in the stunning locations of Skagen and Aalborg. Skagen was the primary focus, showcasing our new label free Collection. We incorporated a vintage van, faced wild weather conditions, and even contended with a swarm of mosquitoes!

A huge thank you to our incredible models and team! Thanks to Patrick, Tia, Fabienne, and Tobias, our hardworking models. Thanks to our inhouse team, Stine, Sisse, Emilie, Bettina and Ditte. And last but not least, thanks to our creative stylist Pernille, brilliant photographer Jacob and his co-pilot Thomas.

Your hard work and dedication made this shoot a success!
